China National Building Material Company Limited* (the “**Company**”) wishes to inform the shareholders and potential investors of the Company that, based on its preliminary review of the relevant financial statements of the Company and its subsidiaries (the “**Group**”), it is expected that the unaudited profit attributable to equity holders of the Group for the six months ended 30 June 2023 will decrease by approximately 80% when compared with the corresponding period in 2022. The above expected decrease is mainly attributable to the decrease in sales prices of cement, commercial concrete and glass fibre (being the major products of the Group), the decrease in sales volumes of cement and commercial concrete, the decline in performance attributed by the associates and the reduction in gains on disposal of assets, although part of which has been offset by the decrease in cost of sales of cement and commercial concrete and the decrease in loss of fair value of the financial assets recognised at fair value in the profit and loss accounts of the Group.

This announcement is only based on the preliminary assessment of the unaudited information currently available to the Company. The results of the Group for the six months ended 30 June 2023 (the “**2023 Interim Results**”) have not yet been finalised as at the date of this announcement. The actual results of the Group for the six months ended 30 June 2023 may be different from what is indicated in this announcement. It is expected that the announcement of the 2023 Interim Results will be published before the end of August 2023.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.

This announcement is made by the Company pursuant to Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the “**SFO**”) and Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”).
